

mid-missouri young professionals summit

TUESDAY, OCTOBER 9, 2012
G2 GALLERY, JEFFERSON CITY, MISSOURI

More than 100 young professionals will be gathering in Jefferson City for the 2nd annual Mid-Missouri Young Professionals Summit. The Summit is a speaker-driven professional development event for young professionals. The audience will consist of career-minded, entrepreneurial, and forward thinking individuals. Attendees will learn from each other – connecting, sharing, and networking. The program will feature three keynote presenters on achievement, purpose, and development. Other presenters will be local peers giving 10 to 20 minute talks on their area of specialty or experience.

Cost of attendance is \$35 per person, which includes lunch and refreshments. This helps offset most expenses for hosting the event, but we are seeking additional support. Your support will help cover direct costs for the Summit, provide funds to promote the event, and offer young professionals a unique development opportunity.
